IMPORTANT INFORMATION ABOUT PATIENT MEDICATIONS
FROM
OZANAM CHARITABLE PHARMACY

Due to the expense of purchasing **Neurontin** (Gabapentin), **Singulair** and **Norvasc**, we are no longer supplying these medications because, in most instances, they are available free from the manufacturers.

We encourage you to apply to our patient assistance program through which you might be able to get your **Neurontin** or **Norvasc** free from Pfizer's Connection to Care Patient Assistance Program and **Singulair** from the Merck Patient Assistance Program.

If approved, you will receive a 90-day supply of the medications with three (3) 90-day refills for the rest of the year. These programs are intended for those who have no insurance coverage.

If you have any questions about the program, please call me at 251.445.0981.

Ann Mackie
Patient Assistance Coordinator
